

Communications Report 2019-2020

Communications started off the year in a terrific place with fabulous press coverage in the Santa Barbara News Press, Ed Hat, and Noozhawk for the meaningful and historic renewal of the Veterans Memorial Olive Grove at Mission Park. In addition, GCSB were highlighted in the Winter Bulletin for the free community Thomas Woltz event.

Our website is a continual work in progress and has been updated with new press coverage, calendar events, and additions to our historic archives. Our website and Instagram page are alive and well, continuously updated by members' photographs from home gardens and travels.

As the year wore on, and we were faced with the challenges of a global pandemic and consequential shelter in place orders, communications became even more paramount and our club rose to the occasion with Zoom board meetings and Survey Monkey surveys! Thank you so much to the communications committee Teri Taylor, Dawn Lafitte, Jocelyne Meeker, and Maria Black for their support.

Tina Wood

Communications Chair
